Our Vision

To create and maintain an organization of skilled working partners for pest control services that serves our customers' needs and differentiate ourselves as solutions provider with quality, courtesy and helping mind set.

Our Mission

To provide the best quality pest control services on two pillars

- Conduct ourselves in ethical manner
- Use environmentally responsible solutions for pest control treatment

Why We

- 4U Home Maintenance Services LLP is a promising beginning in Pest control service in Jaipur with an intention to be Most trusted service provider for commercial and residential pest control.
- Our technicians have expertise to make your place enable for long lasting pest control be it commercial or residential premises. 4U follow standard practices as per guidelines laid by government and WHO for pest control for giving expected results.
- 4U is committed to provide pest control services of global standard so We at 4U prefer to use products from Bayer EnvironsciencesLtd, an international agrochemical company.

Trust 4U for Best Results.

Pest Control Duties And Responsibilities

4U provides a range of pest control services for management of

- Termites
- Cockroaches & ants
- Mosquitos
- Rodents
- Pigeons protection

4U works as standard methods for pest control services i.e.

- Access infested locations,
- Spray chemical solutions,
- Using bait gel
- Set mechanical traps and place bait.
- Utilize appropriate protective gear and equipment during application.

Pest Control Duties And Responsibilities

Termite treatment:

4U provides Pre and post construction services for Termites.

Pre Construction

4U follow guideline laid by CBRI for Preconstruction termite treatment.

4U Uses Premise, A brand from Bayer for preconstruction treatment as per recommendation of CBRI.

Post Construction

4U prefers to use Premise for Post Construction termite treatment

4U Prefers to use Agenda, A brand from Bayer for termite infested wood furniture.

Pest Control Duties And Responsibilities

Cockroaches and Ants Treatment:

4U uses Bait Gel on channels of drawers in kitchen and bathroom to control cockroaches and does spray on skirting of surrounding walls, balconies and window areas using Bayer products.

Pest Control Duties And Responsibilities

Mosquitos treatment: Mosquitoes are proved to be a big threat to human health with high infestation and an efficient pest control service is always in need. 4U does pest control services for mosquitoes as per place.

Fogging

It is done in outer area for immediate control. Its required in outer party areas and open space for immediate and complete control of mosquitoes.

Residual surface spray

This method is used for indoor areas in flats and homes. It's an effective method to have complete control over mosquitoes. Larger area surface is covered through residual spray on walls, curtains and dark areas to have complete control over mosquitoes infestation.

Pest Control Duties And Responsibilities

Rodents are biggest menace causing huge losses by contaminating food stuffs with its feces and urination be it residential, commercial or industrial premises. Its recommended to eliminate rodents. 4U uses standard ways to eliminate rodents.

- 4U uses glue based traps in residential area and food zone spaces in restaurants.
- Uses baits with multi doses recommended rodenticides for elimination of rodents in industrial areas.

Pest Control Duties And Responsibilities

Pigeons are at every nook and corner of the city. Whether it's a building or an elegant balcony, you'll witness an out-staring pigeon. In a single year, a flock of 100 of these pests can produce as much as two and a half tons of droppings. The droppings contain uric acid that's highly corrosive and can damage buildings and statues.

Installing high grade net is most effective and widely acceptable way to keep pigeons away from premises. We at 4U do install pigeon protection net with specification of 15 ply HDPE net. Our preferred brand is from Garware which provides UV stablised HDPE bird net.
